Each Division conducts a Club point score at each meet based on results of each event at that meet.

CENTRAL DIVISION

All Age Events.

Events are conducted over 50m, 100m 200m and 400m in designated strokes at various meets. Clubs are discouraged from entering swimmers in events that they are clearly unable to complete satisfactorily. The Referee may direct that points be deducted where the Referee considers a swimmer incompetent in an event longer than 50m.

Individual Events:

Where a club has a swimmer of the correct age and gender in attendance that swimmer must be used. Where a club can not comply it may use a swimmer from a lower age group.

A swimmer is eligible to compete in only one age group at any meet. (This rule does not apply in relays).

A swimmer may not swim up in age in events shown as "& Over" e.g. "15 years & over".

Relays:

One team per club may compete in a relay event. Swimmers of the correct age must be used where available.

If a club has insufficient swimmers of the correct age, the club is permitted to enter younger swimmers in an older age group.

This does not preclude any swimmer so used from swimming in another age group for which they are eligible.

A swimmer may not swim up in age in events shown as "& Over" e.g "15 years & over".

Unisex relays should comprise swimmers of both genders where the club has the swimmers available. Clubs are permitted to use any combination in these events.

Vacant lanes during the relays may be filled by additional teams at the discretion of the referee in charge. Points will not be allocated for these teams.

Identification of Swimmers:

Wearing of club caps is encouraged to assist officials with identification of swimmers.

Deduction of Points:

Where notified by the referee, recorders will deduct points equal to the minimum available for the event for a swimmer who is clearly incompetent in that event.

Points Information On Central Division

PENNANT POINTS will be allocated as follows:

Place	1st	2nd	3rd	4th	5th	6th	7th	8th
All Age & Individual 50, 100, 200 & 400 Metres & Relays	4	3	2	1	1	1	1	1
10x50 Relay	8	6	4	3	2	1	1	1

SOUTHERN DIVISION

The Interclub Series is conducted over six (6) meets at different pools with a set program to cater for each age group over the series. All swimming strokes are swum over varying distances dependant upon the age group.

The competition is held in 25 metre and 33 metre pools and event distances are adjusted accordingly at each meet.

A points system is awarded to swimmers for each event. 7.6.5.4.3.2.

Points awarded per club are 14.12.10.8.6.4.

Swimming Conditions

Each club is allocated a lane and one swimmer is chosen from each club to compete in an individual event.

Age shall be taken as at October 1 preceding the season of competition.

AGE EVENTS. Swimmers may compete in their own age group and/or an older age group, but are limited to competing in only two individual age events (Note one additional individual swim is allowable - refer to events 1 - 4). A swimmer cannot swim in an age group below their own age group. Girls are permitted to swim in boys events, but boys cannot swim in girls events.

NOTE: Events 1-4 - competitors may swim in one of these events only, in addition to the restriction of competing in only two individual events.

OPEN AGE EVENTS. There is no limit to the number of open individual or relay events in which a competitor may compete.

RELAYS. Both freestyle and medley relays are held for all age groups. Competitors are restricted to swimming in a maximum of 3 age relay events only. Open relay swims are open to any age and are not counted in the age relay events.

OVER 30's. There is no limit to the number of swims in this age group category, and the competitor may compete in this category in addition to the Open Age events and Open Relay events, under the same conditions for those categories.

Cancellation of Pennant

Pennants will be cancelled based on CFA recommendations. If the area in which the pennant is to be held has been put on/received either Code Red or Extreme weather warnings.

FARRER DIVISION

The Interclub Series is conducted over four (4) meets at different pools with a set program of all strokes in all age groups, one lap for junior swimmers, two laps for intermediate swimmers and three laps for senior swimmers. Freestyle and Medley Relays are also conducted.

The competition is held in 25 metre and 33 metre pools and event distances are adjusted accordingly at each meet.

Swimming Conditions

Age is taken as at the 1st October

A points system is awarded to swimmers for each event - 8, 6, 4 points for 1st, 2nd, and 3rd placing and 1 point for all other participants. These points are doubled for the relays – a club can enter more than one relay team in each relay but only one team per club can gain a place. All other teams from that club are awarded participation points for that race.

Swimmers are permitted to swim in one medley relay and one freestyle relay. Swimmers may compete in a higher age division in relay teams.

Child Safe Policy

Written By: *Anthony Foley*
Approved By: *Ovens and Murray District Swimming Association – Management Committee*
Endorsed By: *Meeting February 2018*
Date for Review: *February 2020*

Purpose

This policy was written to demonstrate the strong commitment of the management, staff and volunteers of the *Ovens and Murray District Swimming Association (the Club)* to child safety and to provide an outline of the policies and practices the Club has developed to keep everyone safe from any harm, including abuse.

Commitment to Child Safety

All children who are a part of the Club have a right to feel and be safe. The welfare of the children in our care will always be our first priority and the Club has a zero tolerance to child abuse. The Club aims to create a child safe and child friendly environment where children feel safe and have fun and the Club's activities are always carried out in the best interests of the children.

Application of this Policy

This policy was adopted by the Club as an operational template for the introduction of Child Safe Policies.

This policy applies to all individuals involved in our organisation (paid and volunteer) including, but not limited to:

- Administrators
- Coaches
- Officials
- Participants
- Parents
- Spectators

All of the people to which this policy applies have a role and responsibility in relation to child protection. They must all:

- understand the indicators and risks of child abuse;
- appropriately act on any concerns raised by children; and
- understand and follow all applicable laws in relation to the protection of children and reporting or management of child safety concerns

Child Abuse

Child abuse can take a broad range of forms including physical abuse, sexual abuse, emotional or psychological abuse and neglect. People to whom this policy applies need to be aware that child abuse can occur whenever there is actual or potential harm to a child, and these are circumstances that the Club is committed to reducing the risk of occurrence.

Children's Rights to Safety and Participation

The Club encourages children to express their views about their safety. We listen to their suggestions, especially on matters that directly affect them. We actively encourage all children who use our services to 'have a say' about things that are important to them. We teach children about what they can do if they feel unsafe. We listen to and act on any concerns children, or their parents, raise with us.

Valuing Diversity

We value diversity and do not tolerate any discriminatory practices. To achieve this we:

- promote the cultural safety, participation and empowerment of Aboriginal children and their families;
- promote the cultural safety, participation and empowerment of children from culturally and/or linguistically diverse backgrounds and their families;
- welcome children with a disability and their families and act to promote their participation; and
- seek appropriate staff from diverse cultural backgrounds

Recruiting staff and volunteers

The Club takes the following steps to ensure best practice standards in the recruitment and screening of staff and volunteers:

- Interview and conduct referee checks on all staff and volunteers
- Require police checks and Working with Children Checks for relevant positions.
- Our commitment to Child Safety and our screening requirements are included in all advertisements and as part of the induction process for new staff or volunteers.

Supporting staff and volunteers

The Club seeks to attract and retain the best staff and volunteers. We provide support and supervision so people feel valued, respected and fairly treated. We have developed a Code of Conduct to provide guidance to our staff and volunteers, all of whom receive training on the requirements of the Code.

Reporting a child safety concern or complaint

The Club has appointed **Grievance Officer** as Child Safety Persons with the specific responsibility for responding to any complaints made by staff, volunteers, parents or children. That person can be contacted by phone as detailed on the O&M Website. Our complaints process is outlined in **The Swimming Australia Safe Sport Framework**.

Risk Management

We recognise the importance of a risk management approach to minimising the potential for child abuse or harm to occur and use this to inform our policy, procedures and activity planning. In addition to general occupational health and safety risks, we proactively manage risks of abuse to our children. To reduce the risk of child abuse occurring, adults to whom this policy applies should avoid direct, unsupervised contact with children. For example, this should be a consideration when:

- using change room facilities;
- using accommodation or overnight stays;
- travel; or
- physical contact when coaching or managing children

Reviewing this policy

This policy will be reviewed every two years and we undertake to seek views, comments and suggestions from children, parents, carers, staff and volunteers involved in the Club.

Child Safe Code of Conduct

This Code of Conduct outlines appropriate standards of behaviour by adults towards children.

The Code of Conduct aims to protect children and reduce any opportunities for abuse or harm to occur. It also helps staff and volunteers by providing them with guidance on how to best support children and how to avoid or better manage difficult situations. This Code of Conduct applies to all people involved in Ovens and Murray District Swimming Association activities, including coaches, officials, volunteers and parents.

All members, staff and volunteers are responsible for promoting the safety and wellbeing of children and young people by:

- Adhering to our Child Safe Policy, this Code of Conduct and other O&MDSA policies.
- Taking all reasonable steps to protect children from abuse.
- Treating everyone with respect, including listening to and valuing their ideas and opinions.
- Welcoming all children and their families and carers and being inclusive.
- Respecting cultural, religious and political differences and acting in a culturally sensitive way, particularly when interacting with children who are Aboriginal or otherwise culturally or linguistically diverse and those with a disability.
- Modelling appropriate adult behaviour.
- Listening to children and responding to them appropriately.
- Reporting and acting on any breaches of this Code of Conduct, complaints or concerns appropriately and treat them seriously and with respect.
- Complying with our guidelines on physical contact with children.
- Working with children in an open and transparent way – other adults should always know about the work you are doing with children.
- Respecting the privacy of children and their families, and only disclosing information to people who have a need to know.

Members' staff and volunteers **MUST NOT**:

- Seek to use children in any way to meet the needs of adults.
- Ignore or disregard any concerns, suspicions or disclosures of child abuse.
- Use prejudice, oppressive behaviour or language with children.
- Engage in rough physical games.
- Discriminate on the basis of age, gender, race, culture, vulnerability or sexuality.
- Initiate unnecessary physical contact with children or do things of a personal nature that children can do for themselves, such as toileting or changing clothes.
- Develop 'special' relationships with specific children or show favouritism through the provision of gifts or inappropriate attention.
- Exchange personal contact details such as phone number, social networking site or email addresses with children.
- Have unauthorised contact with children and young people online or by phone.

By observing these standards you acknowledge your responsibility to immediately report any breach of this code to O&MDSA Grievance officer or committee member which ever you feel comfortable.

This Code of Conduct will be reviewed by O&MDSA annually.

I have read this Code of Conduct and agree to abide by it at all times.

Working with Children Check Policy

What you can do to help keep our children safe

- Make sure paid and volunteer workers engaged in child-related work* hold or have applied for a *Working with Children Check* card **
- Take reasonable steps to ensure you do not allow anyone charged with, found guilty or convicted of a serious sexual, physical or drug-related offence to do child-related work unless they can show you their *Working with Children Check* card
- View receipts and cards of all new workers before you engage them in child-related work
- Regularly check the validity of the cards of all workers (and volunteers) to make sure no-one has been given a 'Negative Notice' or had their card revoked or suspended.
- Remind cardholders that they must inform the *Working with Children Check* Unit of any new work details and changes to personal and contact details within 21 days **
- Keep a register of all workers (and volunteers) with a *Working with Children Check* and record expiry dates, card numbers and card type (volunteer or employee)
- Ensure paid workers have an Employee card as it is an offence to use a Volunteer card for paid child-related work**
- Ensure cardholders renew their *Working with Children Check* card by the card's expiry date if they wish to continue in child-related work
- Develop processes to deal with a worker (or volunteer) who is given a Negative Notice. Make sure they do not do any child-related work, even if they are directly supervised or exempt.

Help keep children safe from physical and sexual harm. Meet your obligations under the *Working with Children Act 2005* by taking these steps and using best practice to manage your people.

a. Cyber Bullying

Cyber bullying is a form of bullying, which takes place online through email, chat rooms, web pages and other online forums. Cyber bullying can occur 24/7 and children can be targeted while at home which makes it invasive and hard to escape. Cyber bullying can involve distressing and harmful material for children as users aren't always aware of the consequences, which makes them behave in more extreme ways. Under certain circumstances, cyber bullying is a criminal offence that can be reported to the police.

There are several things that you can do as a parent if your child is subject to cyber bullying.

- Discuss the incident and assure your child you are able to help them.
- Encourage your child to disengage from the online forum where the bullying is occurring.
- Report the incident to your child's swimming club committee immediately.
- Educate your child about cyber safety.
- Work with your child to implement strategies to reduce the risk of online harassment or bullying.
- Remember that all members of Swimming Australia are bound by the Child Welfare Policy and that the law is on your side.

ThinkUKnow is an internet safety program endorsed by the Australian Federal Police. You may wish to visit ThinkUKnow.org.au for more information.

b. Electronic Communication Etiquette

We live in an electronic communication world, where information is collected and posted/distributed almost immediately. Social media provides an accessible platform for sporting clubs, athletes and coaches to access to promote our sport and recognise achievements. Here are some guidelines to ensure electronic communication and social media use can provide a positive experience and add value for club members.

Website

- Your club's website is there to keep you up to date on current information on club/member accomplishments, competitions, social events, committees, policies, constitution, rules and by-laws.
- No offensive content or photos should be published.
- Photos of children should only be published with the express permission of his or her parent/guardian. Take care not to provide identifying information.

SMS and email use

SMS and email can be effective ways to provide information about competition, training, club-sanctioned social events and other club business. The following guidelines should be applied:

- SMS messages should be short and about club/team matters
- email communication should be used when more information is required
- communication involving children should be directed through their parents
- inappropriate images or content should not be accepted or forwarded
- Postings (written, photos or videos) should be family-friendly and feature positive club news and events. Always be aware that content posted may potentially be shared with strangers.
- No personal information about members should be disclosed.
- No statements should be made that are misleading, hurtful, false or likely to injure a person's reputation.
- No statements should be made that might bring your club into disrepute.
- Abusive, discriminatory, intimidating or offensive statements are not tolerated.
- Before posting photos or videos of another child or team mate, please be sure that you gain permission from the other child's/team mates' parent/guardian prior to uploading or posting.
- Always be aware that social media is a legal method of communication which is bound by laws and rules like any other written communication

Electronic communication:

- Should be restricted to club matters
- Must not offend, intimidate, humiliate or bully another person
- Must not be misleading, false or injure the reputation of another person
- Should respect and maintain the privacy of members
- Must not bring the club into disrepute.

c. Photo Etiquette

We understand that you want to capture memories of your child participating in the sport they love and we welcome you to do so. Please keep in mind there is some basic etiquette you should adhere to.

- **Location** – Often access to pool deck during meets is off limits to parents. Make sure you are in a location you are permitted to be in (e.g. the stands) before taking photos.
- **Official photographer** – At Swimming NSW's and Swimming Australia's meets there will normally be an official photographer*. Do your best to ensure your photo efforts do not interfere with those of the meet's official photographer.
- **Privacy** – It's sometimes very hard to capture only your own swimmer in photos, especially during action shots. Whenever possible please do everything you can to only photograph your child unless you have specific permission to photograph other children from their parent/guardian.
- **Appropriateness** – Cameras do not belong in bathrooms, change rooms, showers, or anywhere else swimmers may be changing.
- **Image use** – If you have captured other swimmers in a photo, be aware that you should not publicly distribute or post the image unless you have the express permission of the parent/guardian of these swimmers.
- **Social media/internet** – Following on from the above, always obtain permission to post pictures of other swimmers on your club's social media page(s) or website. Check your club's social media guidelines as well before posting any photos to ensure you are adhering to them. Be aware that photos and videos may be shared with strangers.

d. Social Media Etiquette

Social media use

- Postings (written, photos or videos) should be family-friendly and feature positive club news and events. Always be aware that content posted may potentially be shared with strangers.
- No personal information about members should be disclosed.
- No statements should be made that are misleading, hurtful, false or likely to injure a person's reputation.
- No statements should be made that might bring your club into disrepute.
- Abusive, discriminatory, intimidating or offensive statements are not tolerated.
- Before posting photos or videos of another child or team mate, please be sure that you gain permission from the other child's/team mates' parent/guardian prior to uploading or posting.
- Always be aware that social media is a legal method of communication which is bound by laws and rules like any other written communication.

e. Spectator/Parent Behaviour Etiquette

Our sport is committed to providing a safe environment for participation. Aggressive, threatening or other inappropriate behaviour by members, their families, their friends, and other sporting personnel will not be tolerated.
